On the break I went  
to the zoo. I saw

peewins    monkeys

lions    tigers    fish    zebras

and giraffes and more.

And for a snack my

mom put me granola

bars and hot tea. It

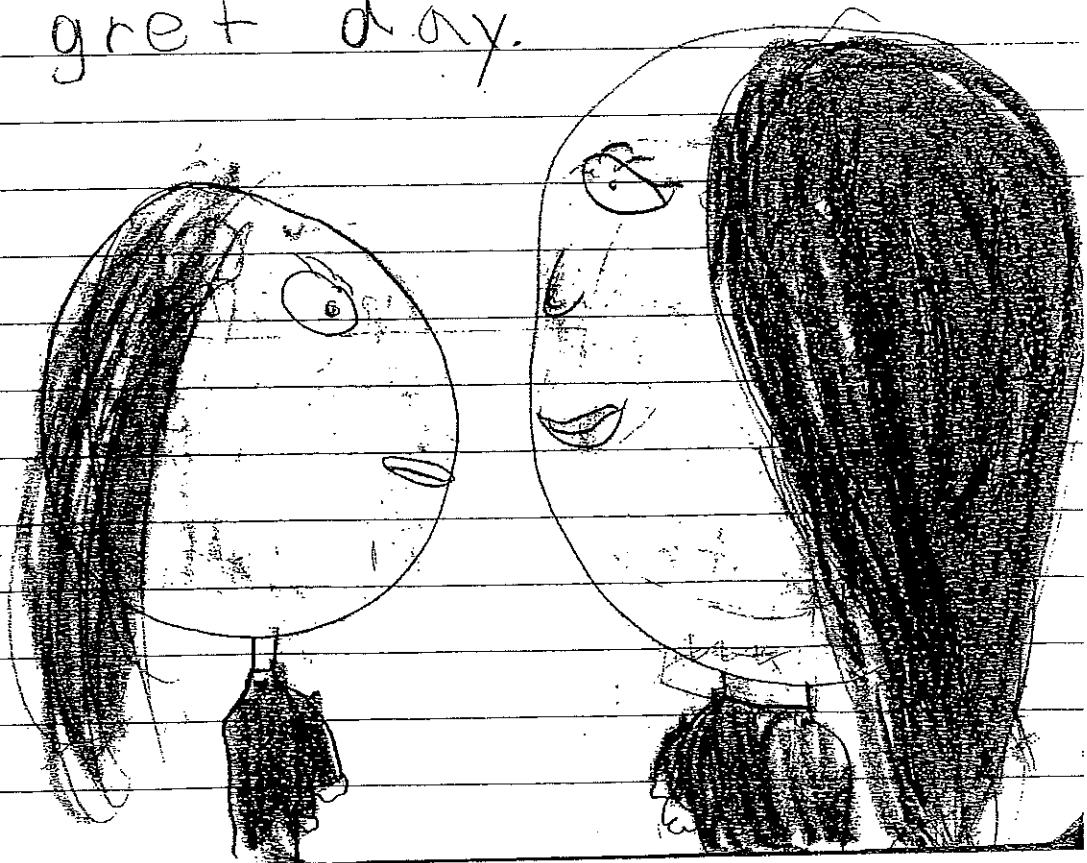

was yummy. We went

to the petting zoo.

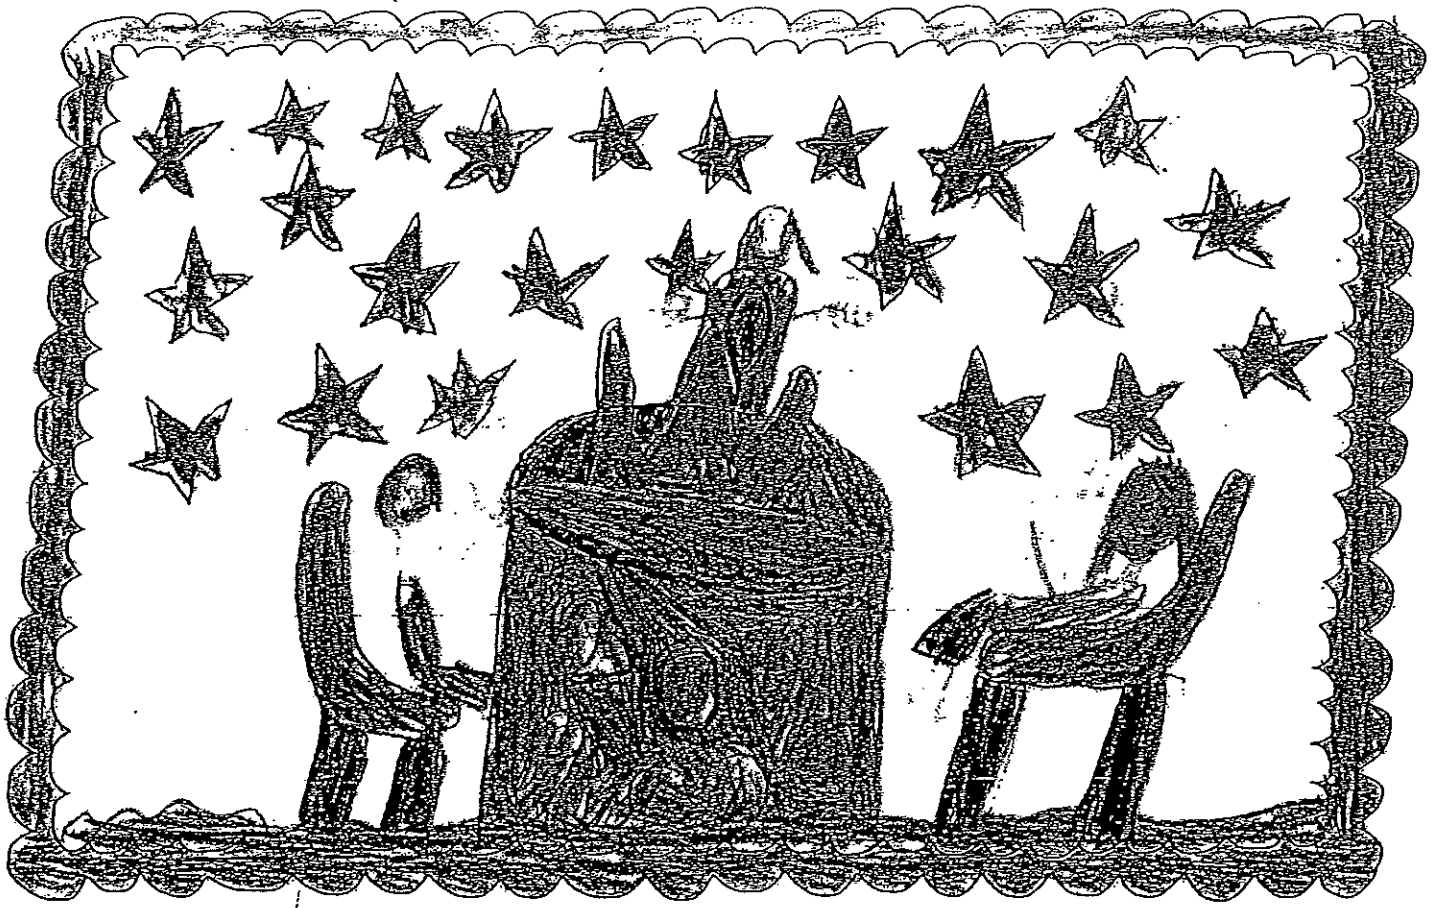

After a while I got a

cookie. It was yummy!

Yummy to my tummy  
It was a huge  
one to. Then we went  
to the fish again. It  
was getting late so  
we went home. It was  
a gret day.

# A Special Time With Family...

One of the most special times with my family is when we go outside at night time and sit by the fire place. First we get some blankets and chairs and go outside. After that we get our roasting and make smores.

they are so  
delicious. Then  
when were  
eating our  
s'mores we get  
a flashlight and  
tell ghost stories.  
My mom tells

the scariest ones. They are so  
scary that I all most scream  
and run into the house! After we  
tell ghost stories we tell each other  
about our day. It is fun! Last  
we put out the fire and go to  
sleep. Family time is fun!

# Camping

"We're here!" we arrived at the camp site. Finally my brother yelled getting out of the car. I was so excited to go camping for my very first time in my life. "Paisley" my cousin Kaitly came running to me. "Kaitly!" I screamed back. "Owen Hannah!" I yelled. "Paisley? Paisley!" they yelled back. "I am so happy to see you!" I said. "Sst" Hannah whispered. "do you want to go to the meadow?" Know one else knows about it. "Sure!" I said back.

At the meadow I saw a deer trail. "Look!" I exclaimed. "lets follow it!" Hannah said.

As we were following the trail I got stung and all over me. I ran to my dad and asked if he had any thing that would help. But he said I would have to ignore it until it wears off. It was hard but I did it.

After that we did bottle rockets, a bottle rocket is when you put a bottle in a tube that is connected to an air compressor. After that I said good-bye to my family and left. It was the best time ever!!!!

# Christmas Day

It was the day, the day of joy and laughter. I had been waiting for it all year long. It was Christmas day, my favorite time of year. The day of presents and snow and also a day of laughter and excitement.

On Christmas my family has many traditions. First, on Christmas Eve we sleep out by the Christmas tree. Then on Christmas day we gather around the tree and open presents. Then we eat a special breakfast, like blueberry pancakes. After that we go to my grandmas house, we have a big lunch. Then we open more presents. Finally, afterwards we go home and enjoy our presents.

One of my favorite parts of Christmas is setting up decorations. I love getting the Christmas tree and setting up the house lights. But my favorite part is decorating the tree. I also like to look at the tree when it is all finished.

My family does some super fun things on Christmas Eve and on Christmas day.

We always get up earlier than usual, probably because it is Christmas and everyone is excited. My family always goes to my grandma's but first we get ready for the day like all people do. I think I like to go to my grandma's the most, but I also enjoy opening presents at my house to. I just like to open presents in general.

Christmas is so awesome and exiting that is why it is my absolute favorite time of year.

# Hailstorm in a Hot Tub

5th

In the summer at Sunriver in 2013 my mom, me, and my sister were in a hot tub during a hailstorm.

Early on at the Share Center a swim park in Sunriver, I remember laying in a lawn chair. On the loudspeaker they said "Everyone has to leave because of the storm." It wasn't that bad though because I wanted to leave soon, right as we were getting in the truck it started pouring rain so we got in the truck and drove. As we were driving in the truck it started to hail and at that moment they issued a Severe Weather Alert but we ignored it.

Once we got back to our house my mom suggested that we should go in the hot tub during the hailstorm, though in my mind it was thinking "bad idea." But of course we did it. At that point it was me, my mom, and my sister in the hot tub. While we were in the hot tub we noticed the hail getting bigger and hurting more. Soon the hail was MARBLE sized, and it hurt! So my mom ran inside the house and grabbed towels and

then we ran with them above our heads and we finally went back inside.

When we got inside I thought about how dumb it was doing that after that, we sat on the couch and got some popcorn that tasted like a bowl of butter, and of course we watched some TV. After all of that we looked out the window and saw the streets flooded with water everywhere like a big river.

The most important thing I learned was that it's a very bad idea to go in a hot tub during a hailstorm so don't ever do it.
